

15 August 2011

Rosemary Campbell
Merit Partners

Dear Rosemary,

Re: Darwin Airport Annual Charity Golf Day

Thank you to Merit Partners for supporting our Charity Golf Day fundraiser on Friday the 5th August 2011, at the Marrara Golf Club.

It was a great event with terrific demonstrations of everyone's golfing talents, excellent food and refreshments, festive atmosphere and generous financial contributions. I trust everyone had a good time.

Merit Partners's sponsorship has played a great part in raising the \$24,000 that will be utilised to subsidize the purchase and installation of a mobile pool hoist for Carpentaria Disability Services (CDS), and support various other charities around Darwin through Darwin Airport Corporate Giving Committee program.

The hoist will be utilised at CDS pool located at its Tiwi Campus, but will also be designed so that it can be transported and utilised at a Casuarina public pool any pool with a similar wet deck design.

The hoist will have application for all ages as slings can be attached to meet individual need. This will mean that access in an out pools will be done safely and efficiently. It is hoped that this equipment can be utilised for a wider public application and therefore benefit more people in the community, said Greg McMahon, CEO of Carpentaria Disability Services.

This is an undertaking that could not have happened without the dozens of roles that individuals and businesses in our airport community played to make it happen. For every business and everyone who sponsored the event, who donated prizes or their time, and who assisted in any way, we are very grateful and we extend our thank you.

Yours sincerely,

Perrine Orlandini
Administration and Events Officer
